FAQ

Sponsored Links Step 5: Quit the preference box after saving your email client Note: While using the “Select” option (as written in Step 4), you will have the Finder window to select the apps stored in any drive of your Mac OS X.. After you have selected your default email client, you will always land in the selected email client whenever and wherever you click within the Mac.

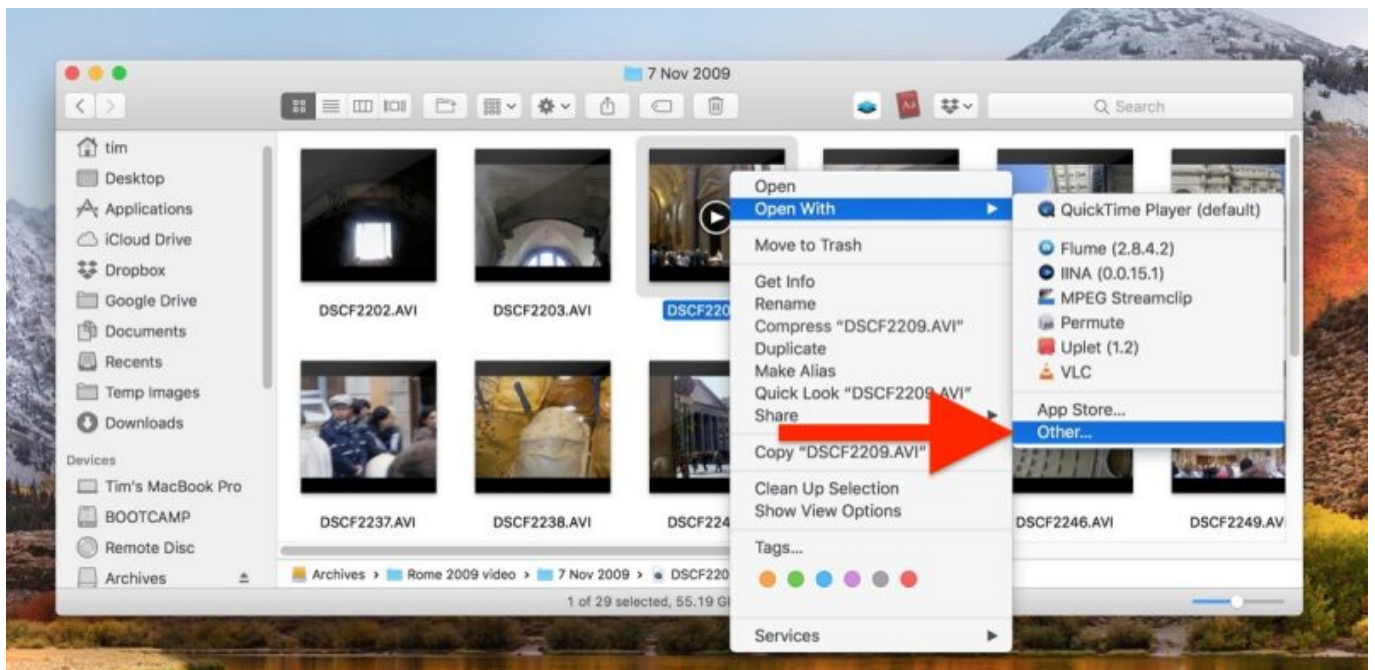

- [1. setting default](#)
- [2. setting default printer windows 10](#)
- [3. setting default browser on iphone](#)

Still, we would recommend to store the email clients in Folder, so that you can easily find it using Applications > Folder option.
